Please Note

* Prices can vary depending on the nail enhancements condition, such as refills, length and repairs.

* Refills that are longer than 3 weeks or not from us, depending on the condition of your nail extensions addition preparation time may be required where there is an additional charge of £5.00.

* We recommend clients to have a full manicure before any nail enhancements are applied, this avoids the nails lifting around the cuticle area, our prices include express manicure which only includes the nails to be cut, filed, buffed and cuticles to be pushed back.

* Not all clients may require a full manicure so we also offer a mini manicure which is additional £5 where we trim the cuticles, but for the clients who need them to be soaked they are recommended to have a full manicure which is £10. Customers will be advised by the nail technician if a mini or full manicure is necessary.
